Good morning Linda,

Is Dominic in the Portland office? If he is we can add their Video System to the call, if it is available. If not, he can dial in by telephone. Usually we would ask for a Reservationless Plus Code and Leader Pin. If he is the only audio participant, we can make an exception in this case and allow him to dial into the video bridge directly. For your call, that number would be (b)(6) privacy

If Dominic is in Oregon, will the Ada video system still be needed in your call ?

Thank you,

Michael D. McClain
